Disclaimer: Markov Markowitz, LLC. (the "Company") are not registered as a securities broker dealer or investment advisor with either the U.S. Securities and Exchange Commission or with any state securities regulatory authority. The Company is not responsible for trades executed by users of their reports, analytics, web sites or mobile apps based on the information included herein. The information presented in the Company's reports, analytics, etc. does not represent a recommendation to buy or sell stocks or any financial instrument nor is it intended as an endorsement of any security or investment. The information is generic by nature and is not personalized to the specific financial situation of any individual. The user bears complete responsibility for their own investment research and should seek the advice of a qualified investment professional before making any investment decisions. Past performance is no guarantee of future results. The alerts and signals within the Company's website and products are for information only and should not be relied upon for investment decisions. The Company shall not be liable for any losses incurred as a result of either the accuracy or timing of the alerts. The Company is not affiliated with any other organization and is not responsible for any losses incurred because of any errors or delays in transmission of orders to the user's account with any other organization.

Disclaimer: Hypothetical or simulated performance results have certain limitations. Unlike an actual performance record, simulated results do not represent actual trading. Also, since the trades have not been executed, the results may have under or over compensated for the impact, if any, of certain market factors, such as lack of liquidity. Simulated trading programs in general are also subject to the fact that they are designed with the benefit of hindsight. No representation is being made that any account will or is likely to achieve profit or losses similar to those shown.
